Comments were given regarding the application 21/01596/CU | Change of use from agricultural field to private equestrian paddock | Land Off Church Road Walpole St Peter. The Parish Council had supported the application with comments on any buildings must have planning permission. The member of the public raised concern that there may be contamination on part of the land and although no trees on the site, a hedgerow was in situ. The entrance to the field had 3 gates, 2 from other properties, and questioned why a soakaway was on the application. Concerns were raised that this was the start of a long term plan for planning to build a property. The Parish Council advised that Cllr Blunt has called this application in and it would go to the planning committee. Any members of the public could attend the hearing and there was still time to put in comments on the planning portal.
